GULF STREAM

Hi-Modulus Carbon. 3 telescopically adjusted sections, to vary the length. SIC K guides. Rubber grip for easier hold. FUJI sliding reel seat with cushioned hood. 2 interchangeable solid carbon tips with different levels of responsiveness. Hydra rod bag.

REF.						
D7GS500	5.00 m	145 cm	6+2	80/200 g	313	

MISTRAL

Hi-Modulus Carbon. 1 telescopically adjusted section, to vary the length. SIC K guides. Rubber grip for easier hold. FUJI tubular reel seat with cushioned hood. 2 interchangeable solid carbon tips and 1 solid fibre tip with different levels of responsiveness. Hydra rod bag.

REF.						
D7MT500	5.00 m	122 cm	7+3	50/250 g	387	

LEVANTE

Boat fishing rod offering excellent performance at medium depths, although its range of use also makes it exceedingly reliable at depths of between 20 to 80 metres. 100% Carbon. SIC K guides. Rubber grip for enhanced hold. Sliding reel seat with cushioned hood. 2 interchangeable H7DRA solid fibre tip tops with two levels of responsiveness (L and ML) and tip with spiral reinforcement. Guide cover.

REF.						
D7LE300	3.00 m	100 cm	4+2	Up to 100 g	208	

PONIENTE

Rod specifically designed for vertical fishing from a boat anchored in shallow and medium depths. 100% Carbon. SIC K guides. Rubber grip for enhanced hold. Sliding reel seat with cushioned hood. Telescopic solid carbon tip. Guide cover.

REF.						
D7PO240	2.40 m	103 cm	4	Up to 100 g	109	
D7PO300	3.00 m	103 cm	5	Up to 100 g	175	

ZONDA

Ideal rod for fishing from a boat anchored in medium to great depths, as well as for fishing with live bait and surface trolling. Sensitive tip action and great reserve of power for fighting large size catches.

100% Carbon. SIC double-foot guides.

EVA multi-grip. Over-sized superior grip for an easier, more effective pumping
