VIRUX

Engineered by HART

Carp Fishing enthusiasts are really in luck!
This family of rods meets the expectations of all types of fishermen, from beginners right up to the most demanding and expert Carp fishermen...
These rods feature the very latest trends in Carp fishing: 50 mm stripper guides, ergonomic butts, Fuji components and the finest diameters in their respective categories.
Power roods with sweet parabolic but progressive action, for long-distance lure casting and for combating the largest specimens without tearing their delicate mouths...

V11BF

Baitfeeder reel for carp fishing with a powerful worm screw system and a great line capacity. Baitfeeder spool release system. Corrosion-resistant graphite body and rotor. Ultra-light rotor design. Long-stroke aluminium spool (more than 40mm winding height) for enhanced casting efficiency. 6 ball bearings + 1 infinite anti-reverse bearing. Quick set anti-reverse. Rapid progressive microadjustable braking system: in 180º of a turn it changes from the lowest to the highest braking power.
High capacity aluminium spool with stainless steel line-clip. Worm shaft gear oscillation system. Rotor braking system that prevents the rotor from moving during casting. Oversized wire guide with metal bearing. Machined aluminium handle with rubber grip.

CAVE BIWY

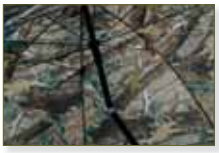
Bivvy with a 210D PU camo pattern nylon finish that is incredibly waterproof (5000mm).
Designed with two access points: the main one at the front and a smaller one at the back.
It is supported by two strong removable aluminium arcs in the form of a tube.
It comes with a PVC groundsheet to protect the user from the damp and for an enhanced comfort level in the tent.
Capacity for two large bedchairs. Designed so that users can remain standing inside.
Dimensions. 310x350x185 cm

REF. MXTC **370,00 €**

SKY

Camo pattern brolly with a solid structure that provides greater coverage than normal, with a height-adjustable top.
Size: 250 cm
Height: 220 cm

REF. MXPS **44,75 €**



STRIKE 2

Olive green, solid and lightweight umbrella.
Size: 220 cm
Height: 220 cm

REF. MXPST **33,95 €**

TENT STAKES

Lenght: 20 cm.

REF. BXCV20 **17,75 € /BLISTER** 10

UMBRELLA SUPPORT

Metal umbrella support. Robust structure with twin support.
Convenient adjustable closure with plastic head.

REF. FXSP **6,10 €**

GRAND SUPPORT

Large size reclining chair. The central section of the seat in a nice padded fabric and outer cover in reinforced camo nylon to prevent abrasion and other damage.
Adjustable legs with swivel “feet” to prevent sinking on soft or muddy terrain (Mud Feet System).
Padded armrest for greater comfort.
Perfect stability even in its more horizontal position.
Dimensions: 60x55x115/135 cm

REF. MXSGS **159,00 €**

REST CAMO

Comfortable reclining chair, easy to transport thanks to its compact folding dimensions. Camouflage finish.
Adjustable legs with adjustable “feet” to prevent sinking on soft or muddy terrains (Mud Feet System). Supplied with carrying bag.
Dimensions: 55x50x90/110 cm.

REF. MXRT **98,95 €**

STRIKE PRO CAMO

Bedchair made of metal structure with anti-corrosion coating. 6 adjustable legs with swivel “feet”.
Its 6-point support instead of 8 points, makes it lighter without losing stability.
Oxford 600D camouflage fabric, easy to clean. Dimensions: 205x72x30/42 cm.

REF. MXSPC **149,00 €**

STEADY

Bedchair constructed in aluminium.
6 adjustable legs with swivel “feet” to prevent sinking on soft or muddy terrain (Mud Feet System).
Its 6-point support instead of 8 makes it more lightweight with no loss of stability.
Its folded size is also much less than a bedchair of a similar size.
Two fabric types: reinforced camo nylon outer cover to prevent abrasion and other damage, and a nice padding in the centre for maximum comfort.
Dimensions: 205x85x32/45 cm

REF. MXHS **160,00 €**

3COVER

Camo pattern sleeping bag with removable nylon 190T lining.
Attaches perfectly to the bedchair thanks to its hook openings at the top and bottom of the chair.
Outer pocket with velcro closure.
Cords at the top to adjust and close the sleeping bag once inside. Safety belt.
Comes with a carry bag.
Dimensions: 230x80 cm

REF. MXS3C **159,00 €**

FOUR SEASSONS

Four season sleeping bag with reinforced zip to prevent the fabric from tearing.
Measurements: 220x85 cm.
Supplied with a carry bag.

REF. MXSFS **89,95 €**

LIGHT

Compact sleeping bag with a HOLLOW FIBER filling, providing enhanced thermal insulation and making it more lightweight.
Meaurements 220x85 cm.
Supplied with a carry bag.

REF. MXSLT **35,50 €**

STRIKE

Bag for rod and reel. Size:: 210x30 cm.

REF. FXST **38,50 €**

SINGLE CAMO

Rod + reel bag made of camouflage 600D Oxford.
25 mm thick inner padding.

REF.		€
FXSIC10	10'	22,75
FXSIC12	12'	23,50
FXSIC13	13'	25,50

SEAL LOAD 30L

NEW!

Easy-to-clean waterproof PVC backpack.
Resistant 0.85 mm structure with reinforced 1.4 mm base.
Main compartment and two accessory pockets, one on the top and one on the front. Double handle and padded strap.
Measurements: 29 x 27 x 38 cm.

REF. MXSL **43,95 €**

LOAD 40L

Sturdy compact duffel bag. Access to the main pocket from the top and from one side for easier plastic box storage and removal. Two upper pockets and two side pockets.
Two handles and padded strap.
Dimensions: 39 x 26 x 36 cm.

REF. MXL **64,95 €**

BIG LOAD 70L

Sturdy large capacity duffel bag. Featuring a rigid, protective base. Expandable main compartment.
Five side pockets of different sizes for storing all your accessories.
Convenient zip opening.
Two handles and padded strap.
Dimensions: 56 x 34 x 32 cm.

REF. MXBL **39,95 €**

BITE KEEPER PRO

RIPPTON

- Case of three high quality wireless bite alarms and a receiver.
- Very compact size for easy transport.
- Specific sealing against the entry of dust, both in bite alarms and receiver.
- IP66 waterproof protection making it suitable for use in heavy rain.
- Surface protection against oily liquids (non-corrosive), which keeps the rubber seals in perfect condition for longer.
- Incorporates Bluetooth for control from the APP on the mobile phone.
- Signal range: 120 m
- BITE DETECTOR:
- Volume (7 levels), tone (7 levels) and sensitivity control.
- LED colours available: Blue, Red, Green and Yellow.
- Maximum volume 120dB.
- Differentiated sound for changes of direction in the rotation of the pulley.
- Weight of each buzzer: 36.5 g.
- Energy saving stand-by mode.
- Low battery warning.
- Rechargeable Lithium Ion battery (250 mAh).
- RECEIVER:
- Weight: 30 g.
- Energy saving stand-by mode. o Low battery warning.
- Low battery warning.
- Rechargeable Lithium Ion battery (250 mAh).

RIGID LINK

Sinking braid hook link specifically designed for making terminal tackle for carp fishing. This stiff-coated braid allows you to give the hook link just the shape you want, improving the presentation of the lure. If necessary, the coating in the areas close to the hook or swivel can be stripped and removed, while still maintaining exceptional abrasion resistance and tensile strength in the hook link as a whole.
10 m spools. Pack of 12 spools.
Price per spool.

REF.	€
LXHS25	5,65
LXHS35	5,65
LXHS45	5,65

SINK LINK

Sinking braid hook link specifically designed for making terminal tackle for carp fishing.
Constructed from soft fibres, this braid allows for easy, long-lasting knots.
The colours are long-lasting due to the fact that the fibres are tinted before braiding, allowing the line to blend with the muddy bottom much more effectively.
Exceptional abraision resistance and tensile strength.
10 m spools. Pack of 12 spools.
Price per spool.

CURVED SHANK

One of the most popular carp fishing hooks. Its micro barb prevents cutting and tearing the carp's mouth. Its shape makes it practically impossible to bend while fishing.
